Auke Bay Design Charrette II

Your neighborhood… Your visions… Your design!

Saturday, September 6th
9:00am to 12:30pm
UAS, Egan Classroom Wing

Help us plan the future of Auke Bay! Come work with local design professionals to make your ideas and visions of Auke Bay a reality!

Be Involved...

You’re invited to participate in the second Auke Bay Design Charrette!

What should the Auke Bay neighborhood look like 20 years from now?
How should it feel as you move down the street?

See how design can help protect your view and come share your ideas and make your vision become reality.

Volunteer design professionals from NorthWind Architects will be assisting in the development of graphic and design sketches for the future of Auke Bay.
